

THE PERSON BEHIND THE SOUND

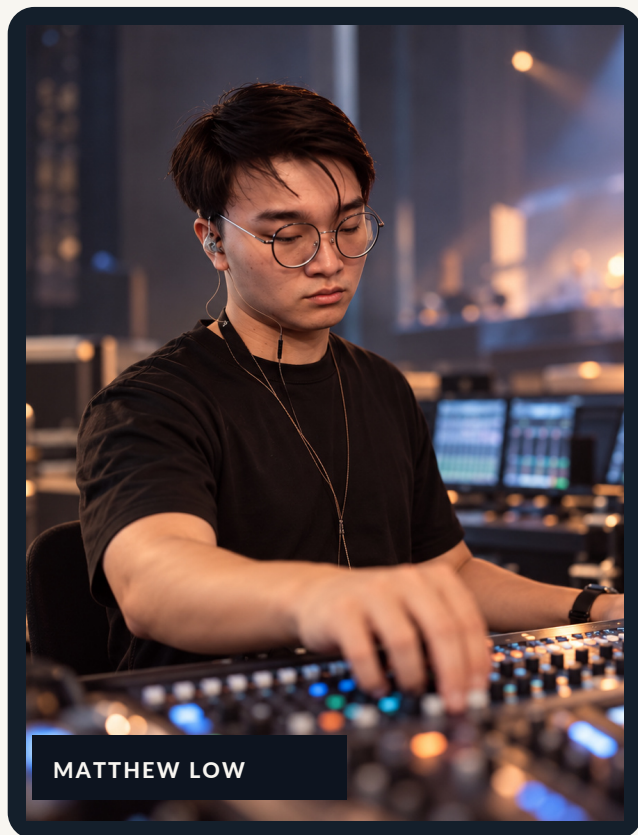

MATTHEW LOW

LIVE SOUND / PA SYSTEMS / EVENT SUPPORT

A personal portfolio of technical skills, event assignments and practical experience.

THE PERSON BEHIND THE SOUND.

ABOUT ME

I am a hands-on, responsible person with a strong interest in **PA systems and live-event technical work**. I enjoy being part of the team that gets equipment ready, keeps things working and supports an event from behind the scenes.

My experience covers audio setup and basic operation, event support, PowerPoint presentation design, video editing and foundational electrical knowledge. I am keen to keep learning and improve through real projects.

HOW I APPROACH THE WORK

01

PREPARED

I believe good preparation prevents avoidable issues during live events.

02

TEAM-FOCUSED

I value clear communication with the people sharing a task.

03

WILLING TO LEARN

I am open to new equipment, feedback and more responsibility.

LIVE SOUND.

REAL RESPONSIBILITY.

My strongest area is PA and event audio support. I focus on the technical details that need to be ready before people arrive and while a programme is running.

01

SET UP & CONNECT

Prepare PA equipment, microphones, speakers and the connections between them.

02

CHECK & TEST

Carry out basic equipment checks and microphone or speaker tests before sessions.

03

SUPPORT THE EVENT

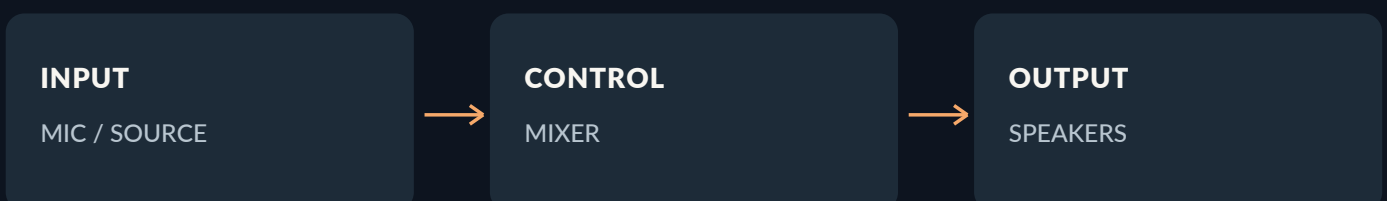

Assist audio operations, respond to basic technical issues and communicate with the crew.

04

RESET & PACK DOWN

Organise cables and equipment safely during teardown and storage.

BASIC AUDIO SIGNAL PATH

This illustrates a basic PA setup. Actual mixer and equipment models can be documented after confirmation.

ON THE CREW.

Examples of PA responsibilities listed for Matthew in shared event programmes. The specific equipment operated and on-site results still need to be documented.

PA CREW / WORSHIP PROGRAMME

PRAISE & WORSHIP

18 + 19 SEPTEMBER 2026

DAY 01 / FRI 18 SEP / 4:00 PM
DAY 02 / SAT 19 SEP / 7:00 PM

PA DUTY LISTED

PA CREW / TESTIMONY PROGRAMME

MARY CHEN

TESTIMONY PROGRAMME

17 OCT 2026 / 2:30-3:30 PM

Ipoh Garden Baptist Church (IGBC) | PA assignment in the event roster.

ADDITIONAL REPORTED EVENT EXPERIENCE

FIRE CONFERENCE

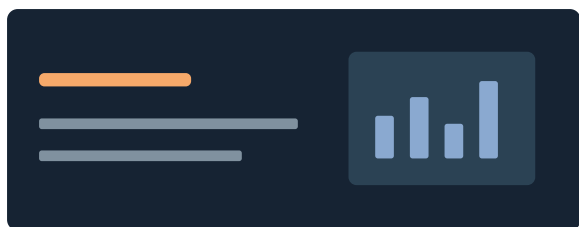

PA and event support experience was included in Matthew's original draft. The year, location, responsibilities and equipment used have not yet been confirmed.

BEYOND THE SOUND DESK.

Creative and technical skills that complement the work he does around live events.

MICROSOFT POWERPOINT

PRESENTATION DESIGN

Organising content, designing clean slides, using images, animations and transitions for clear event presentations.

MEDIA & SHORT-FORM VIDEO

VIDEO EDITING

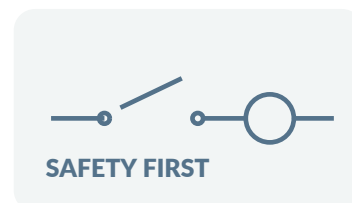

Trimming and sequencing clips, adding subtitles, audio, transitions and basic visual effects.

SUPPORTING TECHNICAL KNOWLEDGE

ELECTRICAL FUNDAMENTALS

Familiarity with one-way, two-way and intermediate switches; neutral and earth connections; basic distribution-board components; electrical safety awareness.

Electrical work requiring statutory competency must be carried out by appropriately qualified personnel. No electrician certification is claimed here.

READY TO LEARN. READY TO CONTRIBUTE.

I want to continue developing my technical abilities, become more confident with professional PA and AV systems, and be a dependable member of live-event production teams.

CAREER INTERESTS

01

LIVE AUDIO

PA operation and sound support

02

EVENT CREW

Technical setup and backstage work

03

AV & MEDIA

Multimedia and stage support
